### Joining WtERT Community

The Global WtERT Council Inc. Dba (WtERT) is a registered 501(c)(3) nonprofit organization, our EIN# is 45-3842166. WtERT is a research project of the Earth Engineering Center, Columbia University in New York City, that aims to advance sustainable technologies for waste management globally with sister organizations representing leading research organizations and Universities around the globe.

Membership to GWC is open at no cost to organizations and professionals concerned with sustainable waste management; and Waste-to-Energy technologies in a circular economy society.
