Education:

- 2002 - graduated with honors from the master's program of the Faculty of Physics, Mathematics and Natural Sciences of RUDN University, specializing in chemistry, inorganic chemistry department, laboratory of analytical chemistry. Has a diploma with honours in English/Spanish translation.
- 2006 - completed postgraduate studies at the Department of Environmental Monitoring and Forecasting of the Faculty of Ecology of RUDN University and passed her Ph.D. thesis defense on the topic of: "Modeling the impact of emissions from non-ferrous metallurgy enterprises on forest biogeocoenose", a candidate of biological sciences, specializing in ecology. The work was supported by the RFBR grant № 05-01-00649-a
- from 2007 to present - Associate Professor at the Department of Environmental Safety and Product Quality Management
- 2010 – was awarded the academic title of associate professor at the department

- Visiting Professor at the University of Granada (Spain), Jordan University of Science and Technology (Jordan).
- Head of the Joint Educational Program with Tomsk State University "**Environmental Quality Assessment: management and modeling**".
- Head of the personnel training and skills enhancement program "**Ensuring environmental safety when working with hazardous waste**".
- Head of bachelor's and master's degrees programs "Energy and resource-saving processes in chemical technology, petrochemistry and biotechnology" (master's program "Bioengineering of OS)
- Member of the International Waste Working Group (*IWWG*), member of the Extended Producer Responsibility Headquarters for Business Russia
- Co-editor of the scientific journal "Sustainability", special issue "Sustainable Municipal Solid Waste Management: A Local Issue With Global Impacts "
- Head of the Laboratory of the Institute of Ecology of RUDN University "Green Growth Technologies"

Membership in scientific organizations and associations

- Full member of the Russian Geological Society (RosGeo),
- International expert in the field of ecology (Ministry of the People's Republic of China).
- International ECTN program accreditation expert for the areas 18.03.02, 18.04.02 ("Energy and resource saving processes in chemical technology, petrochemistry and biotechnology")
